DESIGN: RUN STUDIO

The Design:

FANG carpets are inspired by catalan artisans as we renew a traditional finish of Empordà ceramics. One end of the ceramic piece is dipped into enamel to give a point of color (and protection) to the pitcher, clay jug or pot.

We repeat this tradicion, symbolically, on the carpets of recycled fabrics “soaking” in color one of the ends of the carpets, managing to capture an ancestral, subtle and minimal gesture.

The kitchen rugs appropriate the elements of the traditional Empordà kitchen tiles, square and glazed with two triangles of different colors that are arranged in different orientations and patterns, creating textures of varied geometries that we reproduce on the carpets.
