FURNITURE FOR FREE SOULS

At MisterWils we are custom manufacturers and importers of Nordic, industrial and vintage style furniture without intermediaries, as well as the latest decorative trends, such as Wabi Sabi, Mid Century or Japandi.

We travel around the world to get inspired and also look for the best creators, the most creative artisans, and the most experienced suppliers, who allow us to respond with quality and find exactly what we are looking for: What is different, what surprises us and what makes your interiors special.

Our goal is that any product you choose from our catalog brings a warm, cheerful and chic character to your home, your store or your hostelry. And of course, do it with quality.

Specifically, in this 2021 catalog that you are holding in your hands, you will be able to enjoy our more than a thousand decorative references of styles that range from Vintage, through Nordic to the latest Mid Century novelties, with our own models manufactured entirely by MisterWils.

Of course, you will also find one of the hallmarks of MisterWils: In this catalog you will continue to find replicas and interpretations of the most iconic designs

in contemporary decoration and design.

In addition, in our online store you can get our furniture and have, if you wish, the advice of our sales team, which is online to assist you and help you with your queries.

The logistics team will do the rest, so that your furniture reaches any point in Europe and Morocco efficiently, something that makes us have no limits and be one of the leading companies in the distribution and sale of furniture.

If you want to visit us, the doors of our showroom are open for you in the Polígono Fridex, in Alcala de Guadaira, Seville, more than 400 square meters dedicated to decoration and design, which we will love to share with you.

From here, the 32 decoration and design professionals who are part of MisterWils want to thank you for trusting us and remind you that we love working with you on all your projects: From the decoration of a corner of your house to the selection of the most suitable furniture for your business. With our furniture, and with your style.

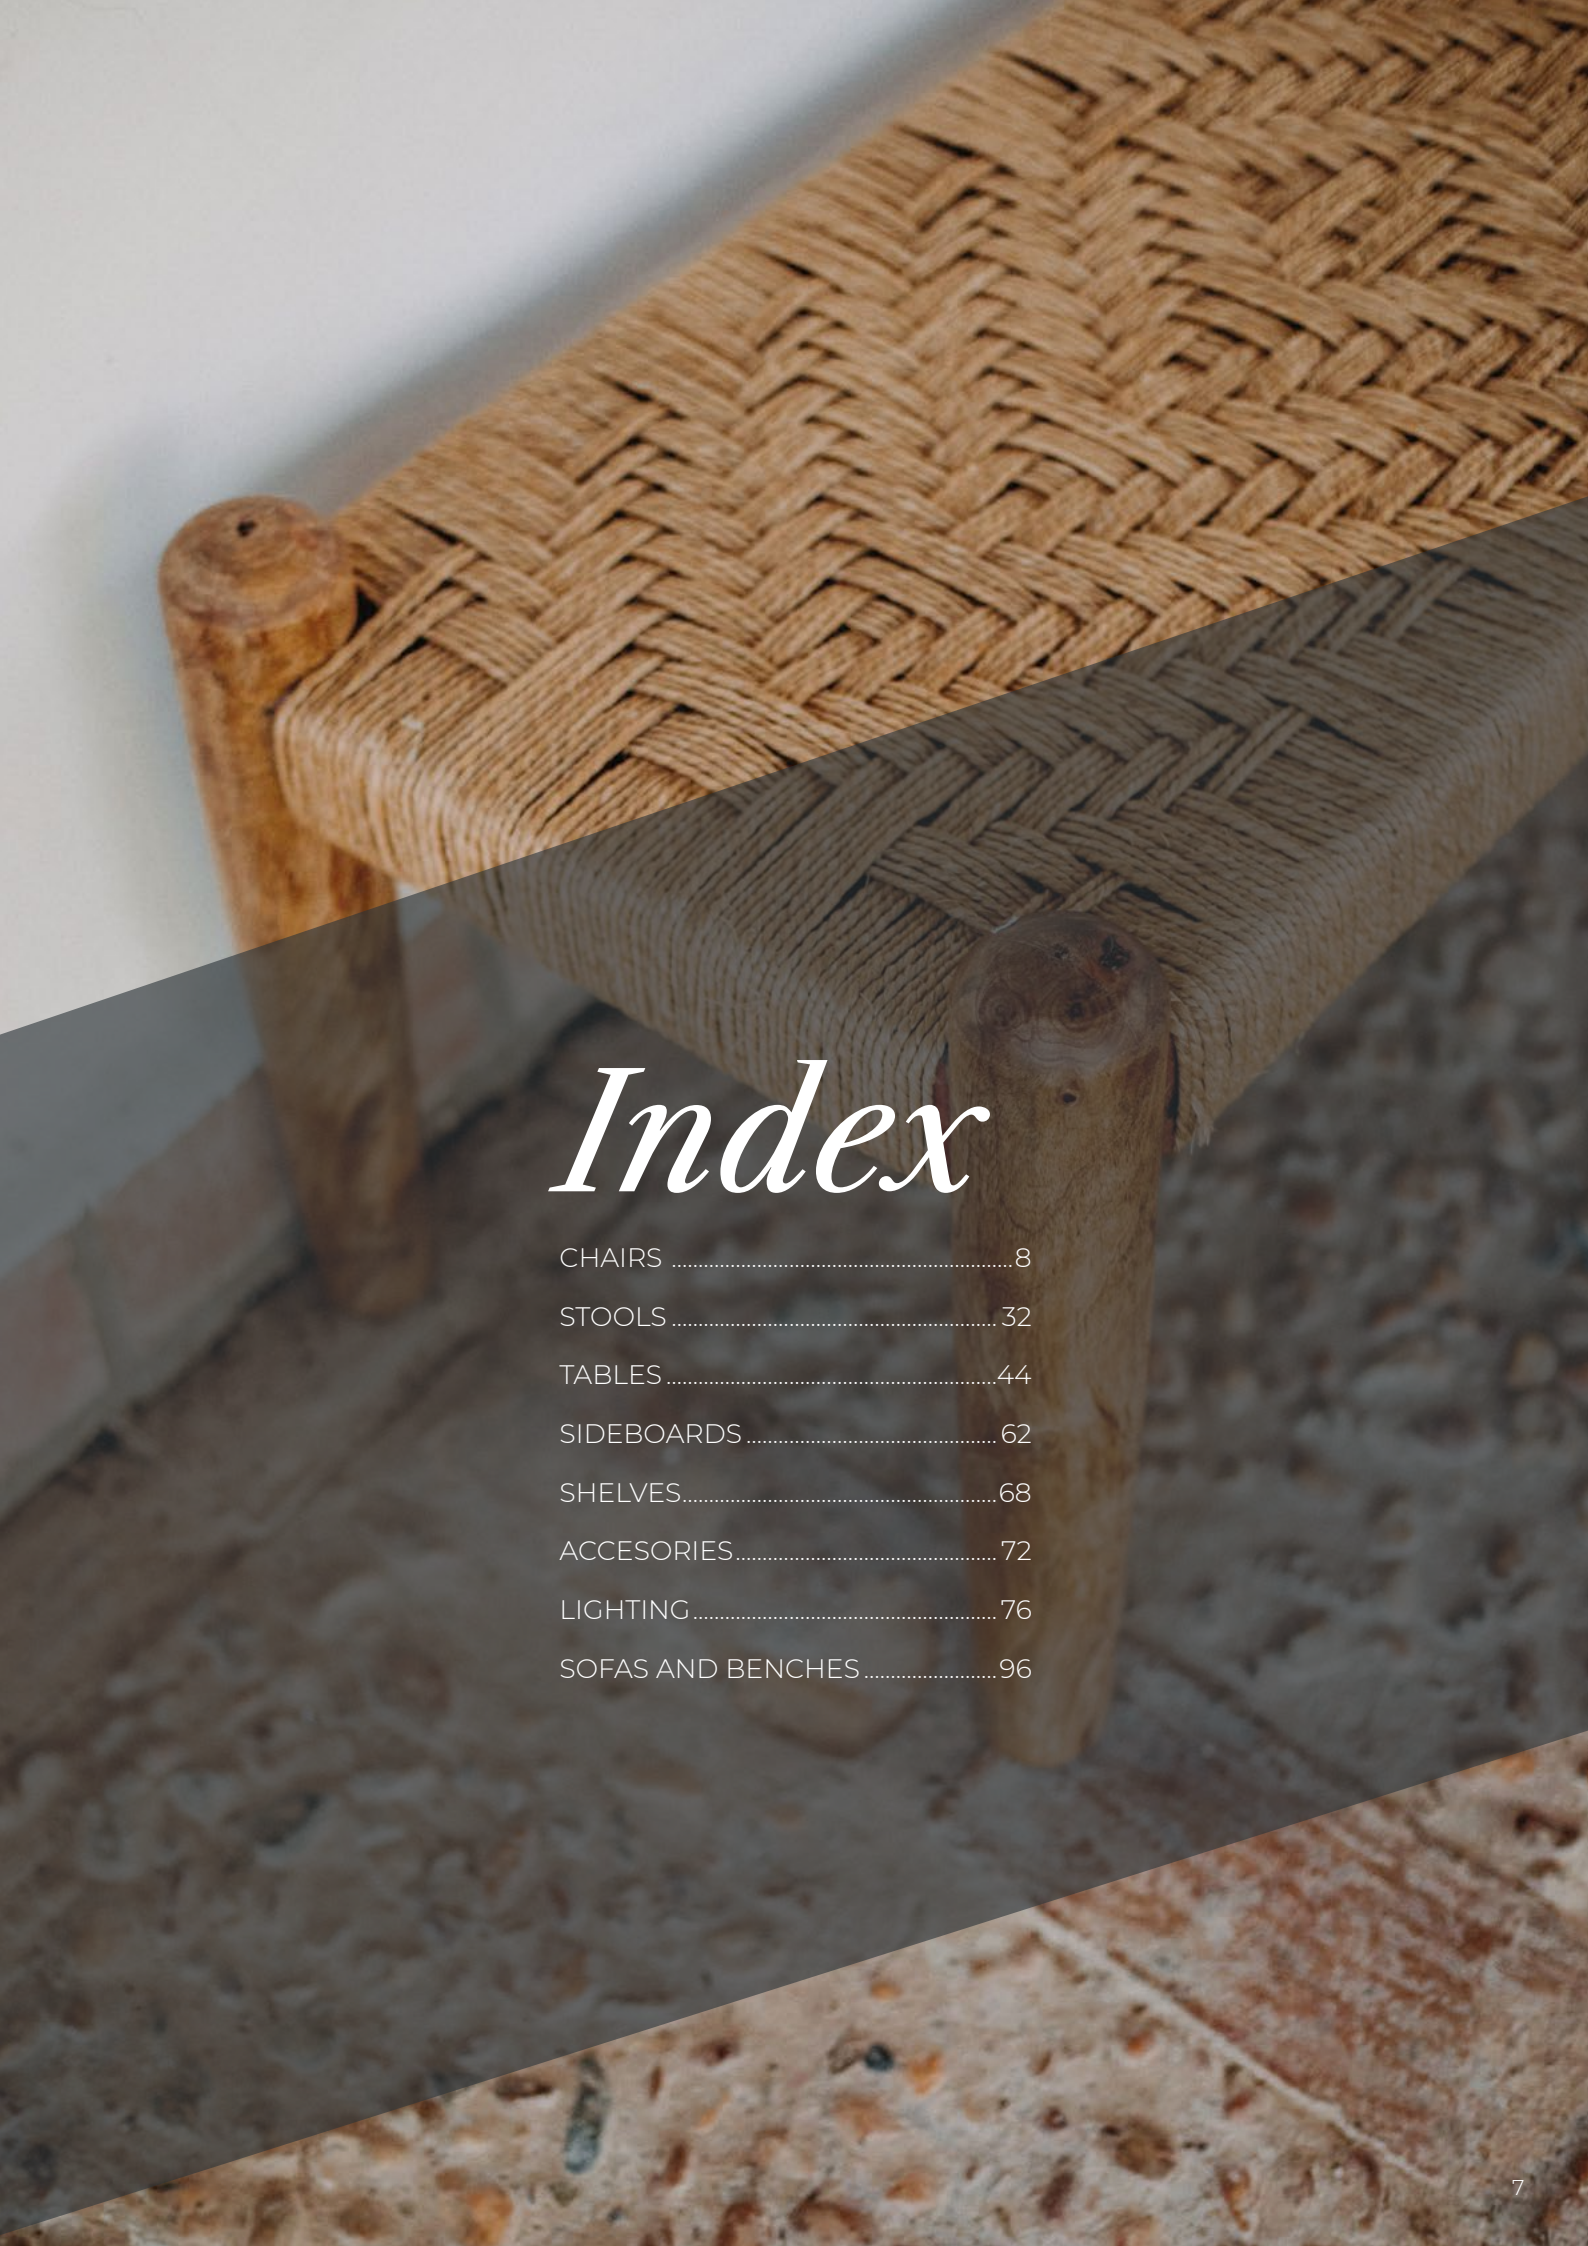

We hope you enjoy this catalog as much as we have enjoyed preparing it for you.

A rustic wooden A-frame shelf unit is the central focus, set within a structure with walls made of woven reeds or straw. The shelf has four levels. The top level holds a wicker basket and a glass jar. The second level features a white ceramic bowl, several small metal containers, and a potted plant. The third level is decorated with more potted plants, including some in terracotta pots. The bottom level has a large metal basin and more greenery. To the left of the shelf is a small wooden stool. In the foreground, there are large, woven baskets filled with dried plants and flowers. The overall atmosphere is warm and natural, with soft lighting filtering through the thatched walls.

Shelves

Our shelves are perfect for your home, but above all they are especially suitable for your business. Mainly worked in natural woods and metal, you will always have the freedom to personali-

ze many of our models. Ask us and you will see how together we create the shelves you were looking for.
