## SOLANAS EXTENSION

New designs to share more moments: nature, family and gastronomy

*There are classics that last thanks to their aesthetic and more if this is combined with functionality and versatility. The SOLANAS family continues to grow!*

*"The collection is a tribute to Solanas, a beach in Uruguay, where I used to spend the summer. A heavenly place with shores that are lost in infinity and endless sunsets."*

# GANDIABLASCO

**SOLANAS**, GANDIABLASCO's warmest collection, prints its curvy and friendly shapes on new **outdoor furniture creations**. SOLANAS began with the modules presented at the Salone del Mobile 2018 and today, under this same name, a total of 7 more pieces are launched.

Inspired by the dunes of Solanas beach, as well as the way its people live and enjoy the outdoors by the sea, Daniel Germani expands the series with designs as sophisticated and special as a **Tu&Yo sofa**, a **partition wall**, and a **3 seater sofa**, among others. The memories shared under the Uruguayan sun come to life wrapped in the Mediterranean breeze.

The SOLANAS novelties embody Germani's avant-garde vision of design, its extraordinary aesthetic sensibility and its unique creative approach to imagine applications for the ultra-resistant surfaces of **Dekton®**, one of the flagship products of the **Cosentino brand**. The new **SOLANAS single-leg tables** — in high and low versions — combine the durability and beauty of natural stone with thermo-lacquered aluminium profiles, the material essence of GANDIABLASCO, creating a perfect match.

Another of the most unusual pieces among those recently incorporated into SOLANAS is the **Partition Wall**, a product category that GANDIABLASCO launched last year with the aim of providing outdoor spaces with partition walls, a simple and functional accessory when reconfiguring and delimiting uses and environments. The SOLANAS Partition Wall reinterprets the classic wooden structures in a design with contemporary lines made entirely of aluminium sheet, like the rest of the references in the collection.

Through the large dimensions of another of the new SOLANAS pieces, the 140-centimeter long **XL sectional 2** one can guess that, for Daniel Germani, there is an inescapable connection between enjoying the outdoors and socializing. On the other hand, the **Tu&Yo sofa**, as well as the **3-seater sofa**, express like no other designs the concept of intimacy and well-being based on which GANDIABLASCO imagines outdoor spaces to be enjoyed throughout the four seasons.
