100% Natural

Wood options include the European oak and the American walnut, with veneers processed in a way that enhance all the **beauty of wood** grains and achieve a natural texture.

From design, with close cooperation with the designers, up to final production stages, we blend the latest technologies with high quality craftsmanship.

Home & Contract

Suitable for the home, as well as for hotels and restaurants, Mega furniture stands out for the great **attention to detail** and the impeccable craftsmanship that seamlessly blend with its timeless style.

We export our furniture internationally, through a **flexible**, comprehensive and value-added manufacturing.
