50 years  
working with wood

Las sillas y muebles Vergés son el resultado de la conjunción de experiencia, vocación, calidad y diseño. Producto de una empresa familiar nacida en Tortellà, una localidad de la Alta Garrotxa, sigue desarrollando su actividad en el mismo lugar desde su fundación hace ya cincuenta años.

Una permanencia que ayuda a entender la filosofía de la empresa, su forma de ser y su manera de trabajar.

Vergés chairs and furniture are the result of a combination of experience, vocation, quality and design. A family company born in Tortellà, a town in Alta Garrotxa, Vergés has been carrying out its business in the same location for 50 years. Such continuance provides insight into the company's philosophy, personality and way of working.

La empresa Vergés esta situada en la Garrotxa, en la provincia de Girona, a medio camino entre el Mediterráneo y los Pirineos, un territorio rural único. Una orografía de origen volcánico que ha condicionado el paisaje y la vegetación, con espectaculares bosques de hayas. En cualquier estación del año, la Garrotxa es un estallido de colores y matices que configuran un paisaje visual que marca profundamente a la gente de la comarca.

Aquel pequeño taller, fundado en 1970, para fabricar sillas artesanales de boga, algo muy ligado al territorio, fue evolucionando a lo largo de los años para adaptarse a un mercado cada vez más exigente. Esta evolución ha requerido emplear las últimas tecnologías y optimizar los recursos para convertir el taller original en una moderna y dinámica factoría. Actualmente son Esteve y Joan, hijos del matrimonio fundador, quienes impulsan la nueva etapa de la empresa, siempre fieles a sus orígenes, al oficio, la tradición y la atención por el detalle. Unos principios reflejados en las colecciones actuales, donde dialogan lo artesanal y lo moderno, en la cual la innovación va de la mano de la calidad en los materiales, el diseño y los buenos acabados.

Hoy, los productos Vergés, desarrollados por figuras relevantes del diseño, se han convertido en un referente para arquitectos e interioristas que buscan colecciones de sillas y mobiliario contemporáneo de alta calidad para la hostelería y espacios públicos.

Además, como apasionados del interiorismo y el diseño, Vergés entiende que cada proyecto es un mundo en sí mismo, de aquí, su capacidad de amoldarse a las necesidades de cada cliente, ofreciéndole la personalización de los acabados de cualquier modelo del catálogo con tejidos de alta calidad y una amplia paleta de materiales y colores.

The Vergés company is located in La Garrotxa in the province of Girona, a unique rural region halfway between the Mediterranean and the Pyrenees. Its volcanic orography has conditioned the landscape and vegetation, endowing it with spectacular beech tree forests. At any time of year, La Garrotxa is a burst of colours and nuances which contribute to a visual landscape that leaves a deep mark on the region's people.

The small workshop, founded in 1970 for the production of artisanal wicker chairs, as was the tradition in the region, evolved over the years to adapt to an increasingly demanding market. This evolution has required the use of the latest technology and the optimization of resources to turn the original workshop into a modern and dynamic factory. The current driving forces behind this new era for the company are Esteve and Joan, the founders' children, who always remain faithful to its roots, vocation, tradition and attention to detail. These principles are reflected in its current collections, where a dialogue is established between artisanship and modernity, and innovation goes hand in hand with quality materials, design and good finishes.

Today, Vergés products, which are developed by renowned design personalities, represent a benchmark for architects and interior designers in search of contemporary and high-quality chair and furniture collections for hotels, restaurants and public spaces.

Additionally, as interior design and design enthusiasts, Vergés understands that each project is a world in itself. As a result, it can adapt to the needs of any client, offering customized finishes for any model from the catalogue, high-quality fabrics and a wide range of materials and colours.

Todo empezó aquí

En 1970 Silvestre Vergés y Palmira Picart abrieron un modesto taller para fabricar las populares sillas de boga. Siempre fieles a sus orígenes, a los valores del trabajo local y a la tradición artesana consiguieron que la empresa Vergés evolucionara y afianzara su posición en el mercado. Hoy, 50 años después, sus hijos Joan y Esteve lideran con ilusión y energía la nueva etapa de la empresa.

All started here

In 1970, Silvestre Vergés and Palmira Picart opened a modest workshop for producing the popular wicker chairs. They helped the Vergés company evolve and strengthen its position in the market while always remaining faithful to its roots, the values of local work and artisan tradition. Today, 50 years later, their children Joan and Esteve are overseeing the company's new era with enthusiasm and energy.

# Bernardes Collection

Designed by Andreu Carulla

Bernardes collection aims to capture the image of austerity and discretion that we associate with medieval Roman convents. As a result of this suggestive idea, the collection combines tradition, timelessness and the sobriety of that which must tolerate the passage of time.

La colección Bernardes pretende capturar la imagen de austeridad y discreción que asociamos a los conventos románicos medievales. El resultado de esta sugerente idea es unir en la colección la tradición, la atemporalidad y la sobriedad de aquello que debe soportar el paso del tiempo.
