gabriel NEW FABRIC

Tejido de poliéster 100% reciclado a partir de residuos textiles post-consumo y post-industriales. Peso: 420 g/ml. Totalmente reciclable y circular. Alta durabilidad con resistencia a la abrasión de hasta 100.000 ciclos Martindale/Wyzenbeek. Buen comportamiento frente al pilling (4-5/5) y solidez a la luz 6-8. Uso recomendado para tapizados de interior en proyectos contract y residenciales, combinando responsabilidad ambiental, resistencia y elegancia. Certificaciones OEKO-TEX® STANDARD 100, EU Ecolabel y Möbelfakta. Libre de tratamientos químicos agresivos. Limpieza y mantenimiento: Lavado a mano con un paño húmedo. Se recomienda una actuación rápida sobre la mancha, la fibra de poliéster ofrece una buena resistencia a la suciedad y facilita la eliminación de manchas habituales.

Tecido de poliéster 100% reciclado a partir de resíduos têxteis post-consumo e post-industriais. Peso: 420 g/ml. Totalmente reciclável e circular. Alta durabilidade com resistência à abrasão até 100.000 ciclos Martindale/Wyzenbeek. Bom comportamento face ao pilling (4-5/5) e solidez à luz 6-8. Uso recomendado para estofos de interior em projetos contract e residenciais, combinando responsabilidade ambiental, resistência e elegância. Certificações OEKO-TEX® STANDARD 100, EU Ecolabel e Möbelfakta. Livre de tratamentos químicos agressivos.Limpeza e manutenção: Limpeza à mão com um pano húmido. Recomenda-se uma ação rápida sobre a mancha; a fibra de poliéster oferece uma boa resistência à sujidade e facilita a remoção das manchas mais comuns.

Fabric made of 100% recycled polyester from post-consumer and post-industrial textile waste. Weight: 420 g/ml. Fully recyclable and circular. High durability with abrasion resistance up to 100,000 Martindale/Wyzenbeek cycles. Good performance against pilling (4-5/5) and light fastness 6-8.Recommended use for indoor upholstery in contract and residential projects, combining environmental responsibility, durability, and elegance.Certifications: OEKO-TEX® STANDARD 100, EU Ecolabel, and Möbelfakta. Free from aggressive chemical treatments.Cleaning and maintenance: Hand wash with a damp cloth. Quick action on the stain is recommended; the polyester fibre provides good resistance to dirt and makes it easier to remove common stains.

Tissu en polyester 100% recyclé à partir de déchets textiles post-consommation et post-industriels. Poids: 420 g/ml. Entièrement recyclable et circulaire. Haute durabilité avec une résistance à l'abrasion jusqu'à 100.000 cycles Martindale/Wyzenbeek. Bon comportement face au boulochage (4-5/5) et solidité à la lumière 6-8. Utilisation recommandée pour le garnissage intérieur dans des projets contract et résidentiels, alliant responsabilité environnementale, résistance et élégance. Certifications: OEKO-TEX® STANDARD 100, EU Ecolabel et Möbelfakta. Sans traitements chimiques agressifs. Nettoyage et entretien: Nettoyage manuel à l'aide d'un chiffon humide. Il est recommandé d'agir rapidement sur la tache; la fibre de polyester offre une bonne résistance à la saleté et facilite l'élimination des taches courantes.
